	18	1300CST 1700CST			0	0			<b>High Wind (EG52)</b>
--	----	--------------------	--	--	---	---	--	--	-------------------------

A vigorous low pressure system over South Dakota moved into western Minnesota late on the 18th. This system brought windy conditions to southern Minnesota during the afternoon. Wind gusts of 50 to 60 MPH were reported in several locations south and east of a line from Redwood County to Hennepin County to Chisago County. Several jurisdictions in this area reported downed trees and power lines, and a handful of structures were also damaged by the high wind gusts.

	18	1300CST 1700CST			0	0			High Wind (MG59)

A vigorous low pressure system over South Dakota moved into western Minnesota late on the 18th. This system brought windy conditions to west central Wisconsin during the afternoon. Several jurisdictions reported downed trees and power lines. A handful of structures were also damaged, including hangars at New Richmond Regional Airport. In Eau Claire County, a 73-year-old man struck a tree with his car after it was blown onto the highway by high winds. Wind gusts as strong as 68 MPH were recorded less than an hour before a line of severe thunderstorms moved through the region.

<b>Polk County</b> Centuria to 5 N Cushing	18	1600CST 1620CST			0	0			Thunderstorm Wind (EG55)
Over 20 miles of roads were blocked by downed trees and power lines in the northwest portion of the county. Siding, roof, and window damage was reported in the Sterling Township area. The roof of an old school building was blown off in Centuria. The time was estimated.									
<b>Polk County</b> 5 NW Luck	18	1603CST			0	0			Thunderstorm Wind (EG56)
Winds estimated around 65 MPH destroyed a barn and caused substantial damage to a home. Trees and power lines were also downed in the vicinity.									
<b>Barron County</b> 4 W Barron	18	1842CST			0	0			Thunderstorm Wind (EG50)
A few trees were downed.
